

UNIVERSITY OF
CAMBRIDGE

THE WINTON PROGRAMME FOR THE
Physics of Sustainability

Winton Advanced Research FELLOWSHIPS

This scheme supports outstanding scientists and allows them to develop an independent research career, working in the broad field of the Physics of Sustainability based at the Cavendish Laboratory. Fellowships will be for 5 years' duration and will provide appropriate support for equipment, graduate students, travel and operating expenses, further details can be found at

WWW.WINTON.PHY.CAM.AC.UK/JOBS

Deadline for applications 31 March 2014
