

# Winton Advanced Research FELLOWSHIPS

This scheme supports outstanding scientists and allows them to develop an independent research career, working in the broad field of the **Physics of Sustainability** based at the Cavendish Laboratory. Fellowships will be for 5 years' duration and will provide appropriate support for equipment, graduate students, travel and operating expenses, further details can be found at

[WWW.WINTON.PHY.CAM.AC.UK/JOBS](http://WWW.WINTON.PHY.CAM.AC.UK/JOBS)

Deadline for applications 15<sup>th</sup> January 2013
